

Equipment Specification Data

Customer Name: _____

Customer Contact: _____

Address: _____

Telephone: _____

Fax: _____

Email: _____

The following information is needed to offer a price quotation for equipment.

1. Process Description:

- 2. Material Handling –** Rack _____
Barrel _____
Basket _____

3. Production Requirements:

- a. Parts/Loads/Hour: _____
- b. Working Hours/Day: _____
- c. Rack/Barrel/Basket Size: _____
- d. Hoist/Work Load Capacity (Lbs): _____
- e. Tank Sizes: _____

4. Space Available:

- a. Equipment Floor Requirements L x W x H: _____
- b. Walkway or Aisle Way L x W front: _____ back: _____ end: _____
- c. Door Size for Equipment Access/Placement (L,W,H) _____
- d. Ceiling Height Restrictions, if any _____
- e. Access Requirements to Anodize Room, if any _____

5. AC Power:

- a. Main: V: _____ Phase: _____ Hz: _____ Neutral: _____ Ground: _____
- b. Alternate: V: _____ Phase: _____ Hz: _____ Neutral: _____ Ground: _____

6. Anodize Details

a. Plate/Anodize Tank #1 Type: _____ Time: _____

7. Rectifier Recommendation:

- a. Plate/Anodize Tank #1 Amps: _____ Volts: _____
- b. Type of Controls: _____
- c. Remote Controls: _____
- d. Air or Water Cooled: _____

8. Heating, Cooling, and Rinsing Requirements:

- a. Heat: Electric: __°F Steam: __°F Hot Water: __°F Heat Up Time: _____ Hours
- b. Cooling: Chilled Water: __°F City Water: __°F
- c. Rinse Water: City _____ DI _____ RO _____

9. Please check-off items of interest to be listed as Options in the quotation.

Vibration	Auto Load / Unload
Metering pumps (brightener adds)	Catwalk
Automated Anode Servicing	Containment Tray
Submerged Anodes (Ti-Clad Cu)	Exhaust Fan (specify details)
Chiller (specify details)	Fume Scrubber (specify details)
Special Rectification (Pulse, PR, CPR)	Mechanical Agitation
Air Agitation	Waste Treatment
Floor Coating	DI System

10. Process:
